PROFESSIONAL SUMMARY

Detail-oriented Automation Engineer with a solid background in Machine Learning and Data Analysis. Experienced in building practical solutions using tools like n8n, Power Automate, and UiPath. Passionate about continuous learning in various fields and applying automation to solve real-world challenges, with a strong interest in software development and experience with programming languages such as Python, C#, and JavaScript.

PROFESSIONAL EXPERIENCE

RPA Developer Intern Advansys esc (UiPath, Automation Anywhere, Business Analysis)	11/2025 – 12/2025 Cairo, Egypt
CS Digitalization Intern Siemens Healthineers (Power Apps, Power automate, PowerBI)	08/2024 – 09/2024 Cairo, Egypt

EDUCATION

Business Analysis and Intelligent Automation Development Internship iTi (4 months program)	07/2025 – 12/2025
Artificial Intelligence Engineering Mansoura University GPA: 3.53 / 4.0	06/2025

PROJECTS

FARKO ecommerce website (Angular, Node.js)	09/2025
Ghafeer Graduation Project 2&3 (dlib OpenCV)	10/2024 – 06/2025
Employee Onboarding App (PowerApps, Power Bi, Power Automate)	09/2024
Scanalyze Graduation project 1 (easyOCR OpenCV)	02/2024 – 06/2024
Sales Forecasting Dashboard Power BI 🔗	2024

CERTIFICATES

- UiPath Academy Automation Developer Professional Training 🔗
- Machine learning specialization 🔗
- Data Analysis & Visualization ,Nile University 🔗
- Advanced Data Analysis 🔗
- Automation Developer Associate Training 🔗
- Automation Business Analyst Associate Training 🔗
- Artificial Intelligence, (NTI) 🔗

SKILLS

Automation n8n, Power automate, UiPath	Data Analysis & Visualization Power BI, Tableau, SQL, Python
Machine Learning & Computer vision Image Processing, Supervised & Unsupervised Learning, Model Evaluation	Programming Python, C#, JavaScript, Node.js

EXTRACURRICULAR ACTIVITIES

CAT Reloaded 🔗 PR&FR Head English supervisor	05/2022 – 08/2025
IEEE manSB 🔗 MediaVolunteer	01/2021 – 11/2021
